Gathering Place

The Gathering Place is a space for **Christian** community, connection, learning and fun! We meet *monthly* in Southern Lancaster County on *Saturday evening* to gather with a **like-minded group** of new friends.

As we come together over tasty tidbits and delightful drinks we'll have time for **open conversation** before we delve into the **biblically based teaching topic of the month!**

It is my goal for you to walk away with *practical* ways of creating **change & transformation**, easy to implement **tools** as applicable, and a **reassurance** that there's someone out there that *'speaks your language.'*

Creating **community** is crucial and what better way than to spend time **laughing** and **learning** together - ***in person!***
